

RESOLUTION FOR THE NATIONAL FLOOD INSURANCE PROGRAM

WHEREAS, the Town Council for the Town of Accomac, being aware of the recurring flooding and the threat of flooding from low areas and the resulting damage to property located within the Town of Accomac; and

WHEREAS, there is a desire and need for the program of insurance coverage for those who reside or hold title to property located within such flood prone areas; and

WHEREAS, relief is available in the form of flood insurance as authorized by the National Flood Insurance Act of 1968, as amended; and

WHEREAS, the regulations declared by the Federal Insurance Administrator under said Act require:

- (1) an official legislative or executive act indicating a local need for flood insurance and a desire to participate in the National Flood Insurance Program; and
- (2) assurances in the form of action by the appropriate local legislative body committing the local legislative body to certain future courses of action;

NOW THEREFORE, be it resolved by the Town Council for the Town of Accomac;

THAT, it will comply with the regulations of the National Flood Insurance Program:

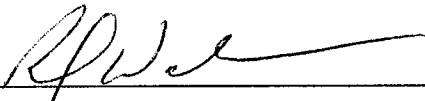

- 1) To recognize and duly evaluate flood, mudslide, mudflow and/or flood-related erosion hazards in all official actions in the areas having special flood, mudslide, mudflow and/or flood-related erosion hazards and to take such other official action reasonably necessary to carry out the objectives of the program; and
- (2) To assist the Administrator at their request, in their delineation of the limits of the areas having special flood, mudslide, mudflow or flood-related erosion hazards; and
- (3) To provide such information concerning present uses and occupancy of the flood plain, mudslide, mudflow or flood-related erosion areas the Administrator may request; and
- (4) To maintain for public inspection and furnish upon request, for the determination of applicable flood insurance risk premium rates within all areas having special flood hazards identified on a FHBM or FIRM, any certificates of flood-proofing, and information on the elevation (in relation to mean sea level) of the level of the lowest flood (including basement) of all new or substantially improved structures, and include whether or not such structures contain a basement, and if the structure has been flood-proofed, the elevation (in relation to mean sea level) to which the structure was flood-proofed; and

(5) To cooperate with Federal, State and local agencies and private firms which undertake to study, survey, map and identify floodplain, mudslide, mudflow or floor-related erosion areas and cooperate with neighboring communities with respect to the management of adjoining floodplain, mudslide, mudflow and/or flood-related erosion areas in order to prevent aggravation of existing hazards; and

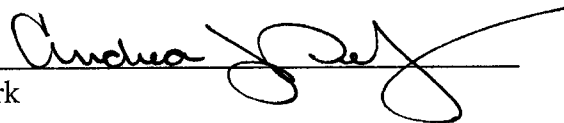

(6) Upon occurrence, to notify the Administrator in writing whenever the boundaries of the community have been modified by annexation or the community has otherwise assumed or no longer has authority to adopt and enforce floodplain management regulations for a particular area. In order that all FHBMs and FIRMs accurately represent the community's boundaries, include within such notification a copy of a map of the community suitable for reproduction, clearly delineating the new corporate limits or new area for which the community has assumed or relinquished floodplain management regulatory authority; and

(7) To appoint the Mayor or their successor with the responsibility authority and means to implement the commitments made herein and to submit annually or biennially a report to the Administrator on the progress made during the past year within the community in the development and implementation of floodplain management measures.

ADOPTED this 26th day of October, 2016.
